QUALITY POLICY OF KENVÉD LTD.

Kenvéd Ltd. is the market leader surface treatment company in Hungary, supplier to the automotive industry.

Most important goals:

- our services shall fulfill our customers' requirements;
- gaining our customers' trust and increasing our reputation;
- strengthening our market position.

To achieve our goals, our company runs an integrated quality management system according to the IATF 16949 and ISO 14001 standards. Beyond the most important goals, we also focus on the following:

- measurement and evaluation of our customers' needs;
- to avoid non-conforming products in the earliest process step;
- development of our lines and technologies;
- cost-efficient production, programmed together with our customer;
- ensuring a pleasant, trustworthy workplace for our colleges;
- regular training;
- to fully comply with the legal obligations;
- to have a fair relation with our suppliers based on mutual respect and equal opportunities;
- regular and planned monitoring of the quality management system.

Effective as of: Győr, 01.02.2024.

Imre Varga
Managing director
